Description

Mercury® 5.7L V10 400hp Verado® outboard continues the legendary Verado engine family's legacy of providing premium marine performance. With the strength of the industry's first V10 naturally aspirated powerhead, they deliver extraordinary power and capabilities so you can confidently explore beyond the horizon. Take command of the water with innovative SmartCraft® technologies and advanced digital controls that make boating effortless. Exceptionally smooth, quiet and refined, Verado outboards transform your boating experience.

Lightweight & Efficient

V10 Verado outboards are calibrated to deliver full performance on Regular Unleaded (91 RON) fuel, with efficiency-enhancing features such as a closed-loop fuel system and Advanced Range Optimization (ARO) that help extend your range. A durable aluminium engine block and weight-saving cowl materials further enhance performance by minimizing weight on the transom

Quiet & Smooth

Industry-leading technologies that minimize noise, vibration and harshness ensure that V10 Verado outboards deliver an unsurpassed boating experience that delights the senses without overpowering them. At idle, cruise and wide-open throttle, they're quieter than all other outboards in their class.

Thrilling Speed & Acceleration

V10 Verado outboards shift your expectations of what high-horsepower performance feels like. They come to life with impressively responsive power, propelling you forward to sensational top speeds. Whether you're heading to the sandbar or racing for offshore fishing grounds, you'll get there quickly and enjoy more time to explore.

Verado Advantage

Legendary Power:Even with heavy loads or in tough conditions, V10 Verado outboards barely break a sweat. Their impressive 5.7 litres of displacement make easy work of propelling heavy vessels.

Versatile Performance:V10 Verado outboards were meticulously designed so they can mount on 26-inch centres, allowing you to fit more power on the transom or easily repower a wide range of popular boat types.

Smoother and Quieter:Like all Verado outboards, the V10 models are precision tuned to minimize noise and distraction and provide the ultimate luxury boating experience.

Corrosion Resistance:Advanced alloys. Durable coatings. Sealed electronics. Easy-to-use freshwater flush system. Verado outboards come packed with premium corrosion-preventive technology that enables them to stand up to the most demanding marine environments.
Horsepower

400
Engine type
• V10
